Can I add non-members as friends of the club?

Michael C. - 2023-01-05 - Club Management

Often, your club members will need to regularly communicate club business with people outside the club. For example, you may often partner with a local charity, and wish to distribute your bulletin or other news. These contacts can be added as friends of the club using the **Friends** contact group.

1. To access the Friends contact list, you must first go to your club homepage and log in. You will see the log in button at the top right on your club home page. Click **Member Login** and, when prompted, enter your username and password.
2. Then, click on **Member Area** on the top right.
3. Along the top of the screen you will see several tabs. Click on **Contacts**.
4. Click on **Manage Groups**.
5. Click the **View Contacts** link for the **Friends** contact group.
