

## How do I add a new member activity?

Michael C. - 2021-12-24 - Membership Management

New member activities are a good way for your new recruits to learn more about the Rotary Club, both locally and internationally. Formal orientations as well as casual meet and greets are the sort of activity new members can undertake. You can assign established club members as mentors for these events.

1. To add a new member activity, you must go to your club homepage and log in. Then, click on **Member Area** near the top right of the page.
2. Along the top of the screen you will see several tabs. Click on the **Membership** tab.
3. Now, click on **New Member Program**.
4. You are now on the **New Member Program** page. New member activities assigned to you (if any) are listed here.

### New Member Program

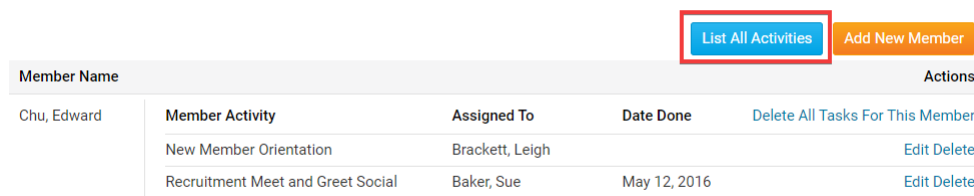

The screenshot shows the 'New Member Program' page. At the top right, there are two buttons: 'List All Activities' (blue) and 'Add New Member' (orange). Below these is a table with the following structure:

Member Name	Member Activity	Assigned To	Date Done	Actions
Chu, Edward				Delete All Tasks For This Member
	New Member Orientation	Brackett, Leigh		Edit Delete
	Recruitment Meet and Greet Social	Baker, Sue	May 12, 2016	Edit Delete

5. To create another **New Member Activity**, click on **List All Activities**.

### New Member Program

This screenshot is identical to the previous one, but the 'List All Activities' button is highlighted with a red rectangular box.

6. You will now see a list of **New Member Program Activities**. To add one, click the button labelled **Add New Activity**.
