

## How do I add or modify notifications?

Michael C. - 2021-02-16 - Grant Management Guides

When a grant moves from status to status, an email could be sent to the Club who submitted the grant, to grant users, and to the grant administrator. To see how these notifications are set, or to change the please follow the steps below:

1. From the Grants area please click **Edit Notifications** on the left.

2. This takes you to the **Notifications** screen. From this page you can do a few things:
  - o **Add Notification** - This allows you to add a new notification trigger. So if a Grant's status changes you can have the system send an email.
  - o **View Users** - Displays the Grant Users or the Grant Administrators.
  - o **Edit** - Allows you to change the existing notification.
  - o **Delete** - Removes the notification.

### Notifications

This screen allows you to create various notifications to the users as each activity is triggered, such as a status change. Click on the Add Notification button to create a new notification. [Edit Help Text](#)

[+ Add Notification](#)

Activity / Trigger	Grant Administrator	Grant Users	Club Contact	Area Governor
	<a href="#">View Users</a>	<a href="#">View Users</a>		
Any Status → Grant Application is Archived			✓	<a href="#">Edit</a>   <a href="#">Delete</a>
Any Status → Approved	✓	✓	✓	<a href="#">Edit</a>   <a href="#">Delete</a>
Any Status → Awaiting Further Information	✓		✓	<a href="#">Edit</a>   <a href="#">Delete</a>
Any Status → Rejected	✓	✓	✓	<a href="#">Edit</a>   <a href="#">Delete</a>
Any Status → Under Review			✓	<a href="#">Edit</a>   <a href="#">Delete</a>
Any Status → Awaiting Further Information	✓			<a href="#">Edit</a>   <a href="#">Delete</a>
Any Status → Adjustment Requested	✓			<a href="#">Edit</a>   <a href="#">Delete</a>
Any Status → Cancelled	✓		✓	<a href="#">Edit</a>   <a href="#">Delete</a>
Any Status → Initial Request Submitted	✓	✓	✓	<a href="#">Edit</a>   <a href="#">Delete</a>
Any Status → Completed	✓	✓	✓	<a href="#">Edit</a>   <a href="#">Delete</a>

### Add Notification

1. To add a new notification click **Add Notification**.

## Notifications

This screen allows you to create various notifications to the users as each activity is triggered, such as a status change. Click on the Add Notification button to create a new notification. [Edit Help Text](#)
