How do I cancel transactions within Dues & Billing?

Michael C. - 2021-02-23 - Dues & Billing

Cancel Transactions inside the **Dues & Billings** page will return an amount of money back to the member. This is used if the member paid by mistake or other issues. Please follow the instructions below to learn how to use **Cancel Transactions**.

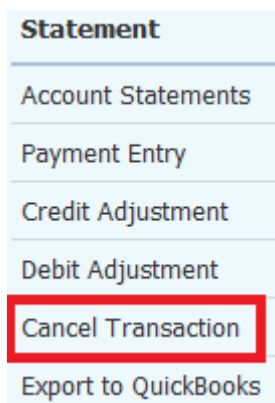

1. To access the Cancel transactions page you must go to your club homepage and login. Then, click on **Member Area** on the top right.

2. After that click on the **Organization** tab on the grey menu bar, then click the **Dues & Billing** link.

3. Click **Cancel Transactions** on the left.

4. This will take you to the **Cancel Transactions** page. From here you will be able to select which member you wish to void/cancel a payment. Click the **Select Member** dropdown box to select the member you want to void/cancel a payment for.

Amount (\$)

Enter either a positive or negative number that will appear on the member's Account Statement as a Void or Cancelled Transaction. Positive amounts will act as payments to decrease balance owed and negative amounts will act as charges to increase balance owed.

Transaction Date

5. If the member is not shown, checkmark the **Show All Types** to show Other Users, Active and Inactive members. **Account Balance** displays the current balance of the member. If it is a positive number, that is what the Club owes them. If it is a negative number, that is how much the member owes the Club. **View Statement** shows the past charges and payments of the member. The **Comment** field lets you put a comment in why you are voiding/canceling the transaction. The **Amount (\$)** is the amount you would like to void/cancel. **Transaction Date** is the date you want to void/cancel the transaction.
