

How do I change an inactive member to an active member?

Michael C. - 2022-08-26 - Membership Management

When an inactive member returns to the club, you can reactivate them making use of the **Inactive Members List**. This situation can arise when a member takes a leave of absence for illness, travel or other reason.

1. To access the **Inactive Members List**, you must go to your club homepage and log in. Then, click on **Member Area** near the top right of the page.
2. Along the top of the screen you will see several tabs. Click on the **Membership** tab.
3. Now, click on **Member Lists**.
4. You are now on the Active Members List page, where you can browse a list of all currently active members.
