## How do I embed a Youtube video into a story or custom widget?

Omar S. - 2023-09-19 - Stories & Online Editor

You can add a YouTube video to a webpage or bulletin story using the steps details below.

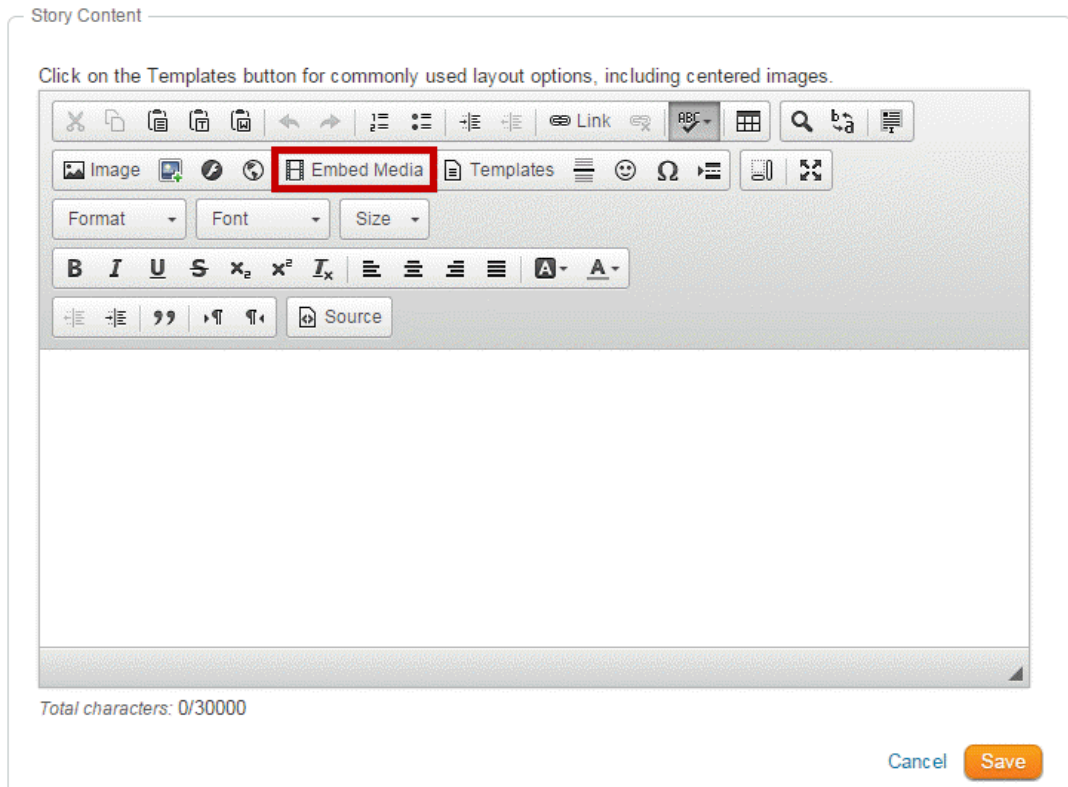

1. First, go to Youtube and find the video you wish to embed. Then, click on the **Share** link, located below the video.

1. Next, click on the **Embed** link. Right-click on the code that appears and copy it.

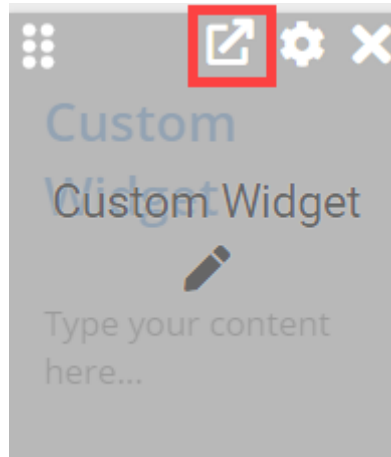

1. Return to your story or widget and click on the **Embed Media** button.

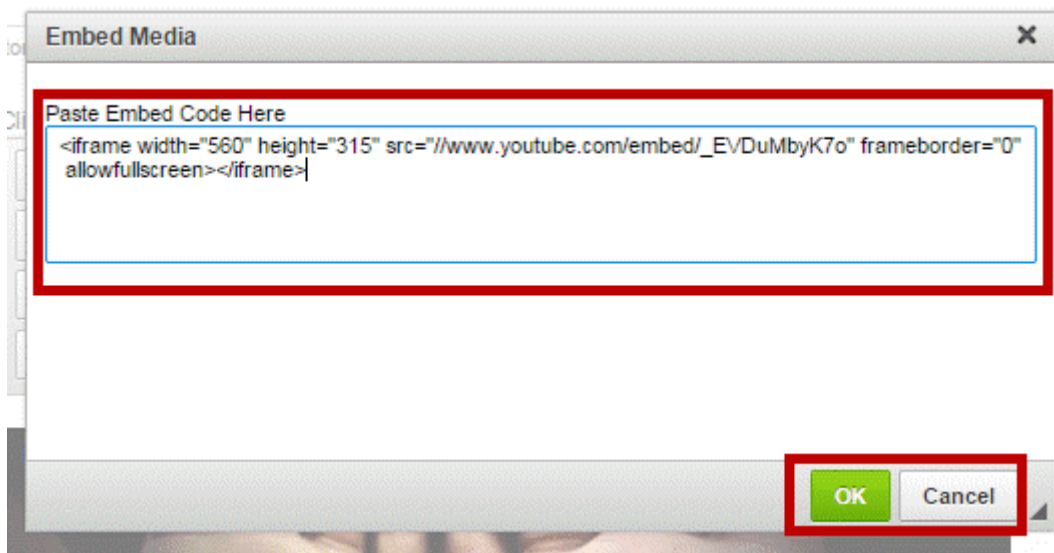

#### Note

If you are embedding the content on a **Custom Page** or the **Home Page**, drag-and-drop a **Custom Widget (Global)** or **Custom Widget (Page Specific)** into a one of the live designer layout sections, then hover-over the widget and click the **Outbound Arrow** icon. This will open the editor which includes the **Embed Media** editor tool. [Learn more about the website live designer from our 7 minute Live Designer Basics Tutorial.](#)

1. A blank **Embed Media Dialog** window will appear. Right click and paste the video URL in the open space provided. When the code is pasted, click the **OK** button.

1. Your video will now appear within the body of the story or widget.

Click on the Templates button for commonly used layout options, including centered images.

The screenshot shows a rich text editor interface. At the top, there is a toolbar with various icons for editing, including undo, redo, bold, italic, underline, strikethrough, link, unlink, and a 'Templates' button. Below the toolbar, there are dropdown menus for 'Normal (...)', 'Font', and 'Size', followed by buttons for bold (B), italic (I), underline (U), strikethrough (ABC), and text color (A). Below these are buttons for bulleted list, numbered list, indent, and outdent, and a 'Source' button. The main content area displays a video player with the title 'Rotary Polio' and a large red play button in the center. The video player is set against a dark background with a close button in the top right corner. Below the video player, the text 'body div div' is visible.
