How do I remind clubs to report attendance?

Zach W. - 2021-04-20 - Attendance

Although ClubRunner makes attendance reporting an easy and efficient process, from time to time it becomes necessary to remind club attendance managers of the need to update. It is possible to remind a specific club or all clubs in a District to update their attendance using the district **Attendance** module.

1. To send out a reminder to the clubs, you must first log in to your District website. Click **Member Login** at the top right and enter your details.
2. You are now logged in. To access the District Administration page, click on **Member Area** on the top right.
3. Next, click on the **Attendance** tab.
4. Now, click on the **Club Attendance** link on the left.
5. This brings you to the **Club Attendance** page, where you can view a summary of all clubs in the district, and see the last time they reported their attendance. To send out a reminder to a specific club click **Remind** on the same line as the club.

Note: *If the club does not have an identified Attendance Manager, you will be unable to contact them in this way.*
