How do I report scanned barcodes for a meeting?

Zach W. - 2021-02-24 - Barcode Module

1. Within ClubRunner's **Member Area**, click the **Attendance** tab on the top menu bar, then click on **Meetings**.
2. Click the **Date** of the meeting you wish to apply the barcodes to.
3. Under the area called **Load Bar Codes**, click on the **Select Files** button.

4. Select the file from the Barcode Scanner or computer and click the **Open** Button.

5. Once the file has loaded up and the name on the list are checked off, click the **Save** button to finalize the attendance totals.

Note: If a member's badge number recorded by the Barcode Scanner does not match the badge number listed in a member's profile, their names will not be

checked off as attended.

Ensure that any remaining attendance data has been uploaded to ClubRunner before updating a member's badge number.
