How do I set up payment and credit card options for Event Planner?

Omar S. - 2021-01-19 - Events & Calendar

Events Planner permits you to take registration payments by credit card or check, and also lets you track payments made in person in cash.

Note: If your club is making use of the **Online Payment & eCommerce** module then you can pay for events online with your credit card. If the Club is not setup with this module, the only payment option available is payment by check. To find out more, please click on one of the links below:
