How do I transfer a member to my club?

Michael C. - 2021-02-22 - Membership Management

ClubRunner gives you the ability to transfer members between clubs. This requires action to be taken both at the member's club of origin and at the new club. The steps required for both clubs are outlined below.

Terminating a Transferring Member

Please use the following steps to first terminate the member from their originating Club.

Note: In order for a member to successfully become transferred to your Club, the member must first be terminated from their originating Club.

1. Login to your ClubRunner site. Then, click on the **Membership** module in the top blue bar.
2. Next click on the **Member Lists** link in the grey bar below.
3. This brings you to the **Active Members List**, where you may view all your currently active members. Locate the member who is transferring to another club and click **Change Status** under the **Actions** column.

4. You are now on the Change Status page. There are three choices. Click on **Terminate Membership** to remove the member from the club.

Change Status for Leigh Brackett

Please choose one of the following options to continue making changes to this person's status.
To change status from Active to Other, please terminate membership first.

Terminate Membership

Change this member to a former member, e.g. Ex Member, Duplicate, etc.

OR

Change Membership Status

Change this member from Active to Honorary

OR

Edit Active Member Type

Edit this member's Active member type; e.g. Active - Satellite, Active - Corporate, etc.

5. Enter the date the member was terminated from the club. By default, this is set to the current date. However, you can select a future or past date as appropriate.

Note: To successfully integrate a member termination to Rotary, the termination date cannot be set more than 30 days into the past.

Adding a Transferred Member to Your Club

When adding the member, if you have the member's First Name and Last name, Email address or Rotary ID, use the 'Transfer New Member' button on the Active Membership list to proceed with pulling the member's information from Rotary, into the new Club in ClubRunner.

For more information on using the 'Transfer Member' form, please see this guide on the knowledge base: [How to find and transfer new members](#)

If you are unable to find the member using the 'Transfer Member' form, please continue to add the member to your Club as a New Member using the 'Add New Member' form.

When filling the form, enter the member's Rotary ID, into the 'Rotary Member No.' field and this will prompt the integration service to look for this Member and their Rotary ID. For a screenshot of the 'Rotary Member No.' field in the new member form, please see below:
