## How does a guest register for an event?

Mickey D. - 2021-01-19 - Events & Volunteers

If your club event is open to members of the public, they have the option to register themselves on your club webpage. They can also add additional guests and pay for their registration.

1. If your club has installed the **events widget** on the homepage, visitors will see a listing of upcoming events on your club webpage. The location of the events widget varies according to the desires of your club. In the example below, you can see the events widget in the middle of the page, under the heading of **Upcoming Events**.

The screenshot shows the homepage of the Rotary Club of Green Town. At the top left is the Rotary Green Town logo. To its right are navigation links: Home, About our Club (with a dropdown arrow), Calendar (with a dropdown arrow), Donate (in a blue button), and Contact Us. Below the navigation is a large photograph of a group of people, including a man in a Rotary uniform, looking at a document. Below the photo is the Rotary Club of Green Town logo. On the left side, there is a section titled "A Message from the President" by Sue Baker, with a small profile picture of her and a paragraph of text. On the right side, there is a "NATIONAL AWARDS" banner and a red-bordered box titled "Upcoming Events" containing two event listings: "Club Meeting" on Dec 21, 2017 from 7:00 PM to 7:35 PM, and "Salvation Army Kettle Ringing" on Dec 25, 2017.

2. To register for the event, click on the event name as displayed in the widget.
