

Introduction to district access rights

Michael C. - 2024-04-04 - District Organization

Your **Access Rights** control how much you can see and do on the District website. If you lack the Access Rights to view or edit something on the District website, please contact your District Site Administrator.

Every **member** in the District has access to the following links in the Grey Menu bar:

- For Members -> Edit My Profile
- For Members -> Change My Password
- For Members -> My Committees
- Membership -> Member Search
- Organization -> District eDirectory Reports
- Documents -> Documents

Important! Every **Club Executive** has access to the **For Clubs** tab on the grey menu bar. This will allow them to carry out their duties on the District.

If you want more access than this, you will need access rights. Only District Site Administrators can edit your access rights. The Site Administrator can grant you one of 14 different levels of access:
