Photo Albums (District)

Michael C. - 2021-01-28 - Website Content

You can upload pictures to the Photo Albums. These albums can be linked so it can appear anywhere on the website.

Please follow the steps below to begin:

1. Go to your District's website and login to ClubRunner. After you logged in, click on the **Member Area** near the top right to get to the Member Area.
2. Click on the **Website** tab on the grey menu bar near the top.
3. Click on **Website Content**.
4. On the left-hand side of the page, click on **Libraries**
5. Click on **Photo Album Library**.

Getting Started

Libraries

Libraries are the archives of your website content, not just what is published on your home page. You can draft new content here, as well as archive old content.

Libraries store content in either Published or Draft mode, so you can easily work on items over time before displaying them anywhere on the website. You will also be able to access Deleted content for a limited period of time.

 Image Library <i>Store all your images in the Image Library to easily add them throughout the site. Great for sharing with other administrators and reusing images.</i>	 Photo Album Library <i>Photo Albums can appear anywhere on your website, and a list can be published on the home page using the Photo Albums widget. You can link to any photo album from any page.</i>
 Global Custom Widgets <i>A Custom Widget is a piece of content (text and/or graphics) that can appear anywhere on your website. Global means it can be used in several pages throughout your site, not just the home page.</i>	 Links Widget Library <i>A Links Widget is a menu that can incorporate different types of links such as stories, download files, and external links, with grouping. They are used to supplement the main horizontal menu that appears on every page and are available globally to be embedded on any page.</i>

6. From the Photo Album Library you can see all of the albums. You are able to add, view, edit, and delete photo albums. Click on the links below to learn more:
 - o [Add](#) - Creates a new photo album
 - o [View](#) - Opens the photo album's webpage
 - o [Edit](#) - Edit the properties of a photo album
 - o [Delete](#) - Delete a photo album

Photo Album Library

Click on the Photo Album Library Link below to access all of your photo albums, or click on one of the other links to access the photo albums for a specific section of your website or bulletin.

Adding a Photo Album

Before uploading your pictures to ClubRunner, you will need to create a Photo Album. Photo Albums are used to store your pictures, similar to a folder.

1. Click on the **Add** button.

Photo Album Library

Click on the Photo Album Library Link below to access all of your photo albums, or click on one of the other links to access the photo albums for a specific section of your website or bulletin.

Go to: [Photo Album Library](#) [Photo Albums Widget](#) [Photo Albums List Page](#) [Custom Page Photo Albums](#) [Bulletin Photo Albums](#)

[Published](#) [Deleted](#)

Filter photo albums: [+ Add](#)

Title ^	Description v	Date v	Show on Photo Page v	Owner v	Actions
Carousel		Dec 11, 2017			<input type="checkbox"/>
Green Town Photos		Nov 18, 2014	<input checked="" type="checkbox"/>		<input type="checkbox"/>

2. Fill in the fields on this page. Once done, click **Save** near the bottom right.
 - o **Title:** The title of the new photo album.
 - o **Permalink:** The name of link for the photo album. (Does not need to be edited)
 - o **Description:** Description of the new photo album.
 - o **Display on Photo Albums Page:** Have a check mark in the box if you would like the new photo album to be displayed on the built-in photo album's page.
 - o **Owner:** The owner of the photo album. (Optional)
 - o **Date:** The date of the photo album.
 - o **Album Logo:** Allows you to upload an image for the album logo. (Optional)
 - o **Display Social Media Bar:** Have a checkmark in the box if you would like to have the social media bar displayed on the new photo album's page.
 - o **Interval time:** How long the photo will stay on the screen while in slide show mode.
 - o **Transition Effect:** The visual effect that displays during the transition time.

Add a New Photo Album for Home Page
