What is the club activity report?

Michael C. - 2021-02-25 - Reports

The **Club Activity** report displays the Club's member's activity in the Club. It displays the member's information, participation points, attendance, volunteering, events, and more. Members earn participation points based on how active they are in the Club. If the member is a club officer, belongs to a committee, has good attendance, attends events, volunteers, and more, these all earn points. This report displays all of these and totals them up.
