Omar S. - 2023-02-14 - Website Widgets

You use widgets to add content (such as stories, links and upcoming events) to your bulletin or web page. They are essential design features, and each one has a different function.

In this article we'll take a closer look at the different types of Sponsors widgets. The Sponsors widgets are used to place a complete list of your sponsors onto the Home Page or a given Custom Page. [Learn more about creating Custom Pages.](#)
